Amadeus Consulting**Senior UX Designer**

Boulder, CO | Jul 2016 - present

Designed and improved the usability and user experience of complex software systems that anticipate and influence human behavior. Defined the visual framework, interactions and functionality of enterprise level web applications. Created data visualizations, interactive Axure wireframes and fully documented prototypes. Collaborated with developers to see design specifications through. Maintained a clear understanding of business strategy, best UX practices, and modern web design principles.

HomeAdvisor**Senior UX Designer**

Golden, CO | Mar 2015 - Jun 2016

Formulated and annotated the organizational structure and page-to-page flows of the user experience for HomeAdvisor software applications. Drove major UX projects from concept to implementation. Conducted user research and usability testing. Used web analytics and A/B testing to understand customer behavior and to guide creative solutions. Stayed abreast of best UX design patterns and practices. Communicated designs through fully documented wireframes and prototypes.

SportsLabs**UX Designer**

Boulder, CO | Feb 2012 - Aug 2014

Designed highly engaging user interfaces for college sports media apps across multiple platforms including: iOS, Android, websites and mobile web. Prepared style guides, assets and documentation for developers. Established and documented the functionality and interaction of Sportslabs digital-video software products.

IHS Markit**Web Designer**

Boulder, CO | Aug 2007 - Jun 2011

Designed the delivery and presentation of financial data, transforming complex information into elegant user experiences. Created iPhone applications, trading interfaces, financial calculators, data visualization & websites for Wall Street investment banks and brokerages: Etrade, Merrill Lynch, Scottrade, CNBC, National Australia Bank & FinecoBank.

Westwood College Online

Art Director

Westminster, CO | May 2005 - June 2007

Developed web interfaces and interactive flash video demos. Designed information graphics and printed promotional materials promoting Westwood College Online.
